

PRESS RELEASE

August 18, 2009

(No.2009-08-18)

Robert Stephen Consulting, LLC is granted the exclusive rights to sell, enhance, develop, and distribute the MicroView software line.

San Ramon, California - August 18, 2009, - Robert Stephen Consulting, LLC (RSC) is pleased to announce that an agreement has been signed with Meridex Software Corporation that gives Robert Stephen Consulting the exclusive Rights to the MicroView software line. The MicroView software line includes the mobile solution software *MicroView FM* as well as other MicroView products such as the *Electrical and HAVC modules for ARCHIBUS*.

MicroView software provides enhancements to the ARCHIBUS enterprise CAFM solutions resulting in reduced infrastructure costs. MicroView FM specifically provides increased efficiency in data collection tasks in the areas of Space Management, Asset Management, Work Order Management, Inspections, Condition Assessment and Parts Inventory Management.

In the coming months Robert Stephen Consulting will be developing and releasing enhanced versions of the MicroView product line starting with MicroView FM. Enhancements will include a web-based version of the software as well as support for a variety of new handheld operating systems.

About Robert Stephen Consulting, LLC:

Founded in February of 2000 by Robert Stephen, Robert Stephen Consulting, LLC is a private Computer Aided Facilities Management (CAFM) consulting firm located in Northern California with affiliates Southern California and Vancouver, Canada.

RSC works closely with clients to facilitate a fully-integrated software solution containing precise information for Corporate Real Estate's data capturing and reporting needs. Leveraging multiple CAFM systems, RSC delivers dynamic key indicators providing needed metrics for strategic planning.

Robert Stephen
Managing Director
